## Aura Photography

What do your colors tell?

Having your aura photo taken and interpreted is insightful and fun! Your true colors will show, and don't forget one other old saying, "a picture is worth a thousand words." This is really true about an aura photo.

Each photo is \$25 + tax and includes an exclusive color interpretation chart. For just \$5 more, Wayne will also include a personalized one-on-one interpretation of the color formations in the photo.
